### **Frequently asked questions**

#### **1. When does subject selection start and end?**

Subject selection will begin on 24 October (Fri) at 9am and end by 28 October (Tues) by 5pm. Late submissions will not be accepted.

If you do not make any selection, the school will allocate you to the subject combination that you qualify for that still has vacancies at the end of the subject selection exercise.

#### **2. Can I choose a subject combination (e.g. E1 – Pure Sci + Additional Math) if I do not meet the qualifying criteria?**

No. If you do not meet the qualifying criteria, you will **not** be allocated that combination. We will allocate students to the next combination that he/she qualifies for.

#### **3. If I want to do a subject combination (e.g. E4A – Art) and I am thinking of doing either Geog as my 1<sup>st</sup> choice or Hist as my 2<sup>nd</sup> choice, how do I fill in the form?**

In this case where you would like to do E4A – Art, you can choose:

- 1<sup>st</sup> choice – E4A with Geog,
- and then 2<sup>nd</sup> choice – EA4 – E4A with Hist.

This will count as two choices of subject combinations made.

#### **4. How do I know which subject combinations I qualify for?**

You can use the following simple table to help you.

<b>My G3 Math overall score</b>	
<b>My G3 Science overall score</b>	

If you did not score 65% or higher for G3 Math, you cannot choose E1 or E2.

If you did not score 50% or higher for G3 Math, you cannot choose E3.

If you did not score 70% or higher for G3 Science, you cannot choose E1.

In addition, look at the G3 Math score above. If you did not score 65% or higher, you also cannot choose E1.
