Frequently asked questions

1. When does subject selection start and end?

Subject selection will begin on 24 October (Fri) at 9am and end by 28 October (Tues) by 5pm. Late submissions will not be accepted.

If you do not make any selection, the school will allocate you to the subject combination that you qualify for that still has vacancies at the end of the subject selection exercise.

2. If I want to do a subject combination (e.g. Science) and I am thinking of doing either ART as my 1st choice or D&T as my 2nd choice, how do I fill in the form?

In this case where you would like to do Science, you can choose:

- 1st choice – Science with ART,
- and then 2nd choice – Science with D&T.

This will count as **two** choices of subject combinations made.
